Philosophy Statement

Mother's Day Out of Westchester, Inc

The philosophy of education set by The Board of Directors of Mother's Day Out of Westchester begins with the whole child. We at MDOW see every child as successful and firmly believe that every child can learn. Each individual child has a uniqueness that makes every part of that child special. While being part of a group, each child is respected for their individuality, gender, religion and cultural identity.

As educators, we view ourselves as facilitators as well as teachers and learners. We believe it is important to be child centered, child sensitive and respectful to all who enter the classroom. We believe that self esteem is an important part of the education process. We support this process by providing an environment that is safe and rich in learning opportunities, presented in a way that allows children to be successful and grow more confident through their experiences. Confident students are willing students. They believe they can succeed and will attempt things and explore new avenues. Developmentally appropriate practice will be used in every area of the classroom, creating an environment that will lead toward success for every student. This will include an interactive environment that will provide for many different learning styles existing within a group of students.

We feel that an educational environment should be positive, nurturing and well planned. Our classrooms are equipped with a wide variety of reading materials, manipulatives and other hands-on activities for the students. We include displayed materials as well as materials that are student generated. Materials are theme oriented and change throughout the school year.

We believe consistency is first and foremost in setting the tone of the classroom. The students will know what to expect and what is expected of them. Self control and tolerance for others is stressed. Consistency within the classroom through routine and positive choices provides a secure environment, giving every child an opportunity to grow to their fullest potential without ridicule.

We at MDOW, believe educators make an impact on every student they encounter. Our job is to make that impact a positive one.

D**iscipline Policy:** MDOW Discipline Policy is as follows:

Correct the child when his/her behavior is inappropriate and redirect his/her attention when possible.

If the above is not successful the child is moved to a "cool-down" quiet area for an appropriate amount of time. If the unacceptable behavior continues, the child is returned to the quiet area. If this is not effective, a parent conference will be requested.

Dismissal: Parents and other authorized adults must come into the classroom at dismissal time. For the security and safety of the children, the adults must initial a sign-out sheet before leaving with a child.

Only persons listed on the emergency card will be permitted to leave with that child unless the parent provides written permission.

Generally, MDOW follows Baltimore County Schools. If schools are 1 or 2 hours late, MDOW opens at 10:00 AM, with no before school care. If schools are closed, MDOW is closed. If schools close early, MDOW Discovery is cancelled. Please pick your child up as soon as possible.

Staff: All MDOW Senior Staff Teachers meet the requirements mandated by the state of Maryland with most teachers exceeding the educational criteria. Many of our staff are certified in First Aid and CPR. All staff members attend continuing education classes annually.

FAQS:

What does my child need for school? Each student should have a change of clothes to be kept at school. Children using diapers or pull-ups need to keep several at school with the extra clothes.

Should I stay or leave when I drop off my child? We suggest that you develop a drop-off routine with your child. For example: bring your child into the classroom and then go to the playdough table. Say “Have fun, I will be back at 12:00”, give a hug & kiss good-bye and then leave.

What if my child cries? Unfortunately, some children will cry. Usually, the teachers can get them involved in an activity and within a few minutes they are fine. If your child is crying, try to reassure them that they will be fine, give them an extra hug and tell them you will be back at 12:00 (or 3:30). If you are concerned you can call the school anytime.

What about security blankets, toys? If you feel your child needs a security blanket it is fine to bring it to help them, feel comfortable. However, we do not want children bringing their own toys to school because frequently they get broken or lost.
